632,000 cubic feet

Space per Student:
146 square feet

Cost per Student: \$37,006

Square Foot Cost: \$253

Cost of Construction:
\$10 million

Total Project Cost:
\$13.1 million

Contract Date:
March 2003 (Architecture);
March 2005 (Construction)

Completion Date: March 2006

Percent of Completion: 100%

COMBINED-LEVEL SCHOOLS

Miley Achievement Center

Las Vegas, Nevada

JMA

MAIN ENTRANCE

The Miley Achievement Center is a campus in Nevada's Clark County School District that services the behaviorally challenged students in the district. The goal of the design for the new facility was to provide a safe and secure environment that promotes learning and appropriate behavior for these special students. Issues such as campus organization, circulation, security, visibility, sound attenuation, and sustainable design affected the layout of the building and site.

The building is organized in the school-within-a-school concept with elementary, middle, and high schools composed around their central exterior learning area of shaded courtyards. Common shared support facilities such as the library, multipurpose room, computer lab, art room, and administration are easily accessed from the main corridor by each school. Each

EXTERIOR COURTYARD

CENTRAL HALLWAY

school is provided with full and separate outdoor play areas with amenities appropriate for the age group served.

The Miley Achievement Center is the first LEED-designed project for Clark County School District. ■
